

SINGING
a3
PROGRAMS

a3's singing workshops allow all students to find their voice, taking students from a starting note to a fine tuned performance.

Singing Programs

What can you expect when a3 runs a singing program at your school?

a3 singing programs are high energy, inclusive and fun. We can work with any sized group, from one class or choir to an entire school, and can prepare your students for a performance outcome or focus purely on skill acquisition.

a3 instructors engage students by using a wide variety of activities and songs that enable all students to find their voice – enthusiastic singers are stretched while non-singers find they want to sing.

We offer:

- Warm ups and team building activities
- Entertaining, diverse and age-appropriate repertoire
- Movement and dramatisation of songs
- Experienced and engaging tutors
- Excellent classroom management
- Professional development for classroom teachers

Performance Outcomes

We know how important it is to create an enjoyable experience for staff and students as well as an entertaining performance for parents. Teachers reliably report to us the benefits of learning while creating with a3 team members and parents cannot believe the lift in standard of school events in which we've had a hand.

a3 can assist you to present your school musical or end-of-year concert by offering one or all of the following services:

- Coordination of content selection and copyright licenses
- Rehearsal and performance scheduling
- Choreography, drama, dance and singing coaching as well as stage management
- Individual specialists or teams of staff

"We have found the experience both enriching for the students and staff. The quality of the tutors is outstanding. To see all of my students singing and dancing again reaffirmed for me the power of the arts to provide deep learning"

Gary Borg – Principal, Mother Teresa Primary
